### Network information\*\*

*\*\*If you have any problems completing this section please contact your network administrator.*

1. You can register class B subnets, class C subnets or individual IP addresses (or ranges thereof).  
We need to know:
  - the first two sets of numbers for each class B subnet (e.g. 130.111), or
  - the first three sets of numbers for each class C subnet (e.g. 193.61.240).
2. If you have a range of subnets then please supply them in this format: 193.61.1 to 254.
3. All of the IP addresses you list must be registered so that they can be looked up on regional registries.
4. Please specify the physical location of each subnet you register:
  - Subnet/IP address

- Location

5. Please supply the IP addresses of any caching/proxy servers accessible by users outside your institution/location
6. Please provide the name of your Internet Service Provider.

Please sign and return by post or fax.
